GST Annexure

As you are aware that from 1st April 2020 (earlier 1st, October, 2019) onwards there will be a change in GST return and availment Of ITC process. As per the new process, credit is not available in case there is any deviation (positive or negative) in purchase Invoice available with dealer and your invoice value uploaded on GST portal by the supplier.

In accordance of the same, you are requested to ensure invoicing in line with the PO rates available in our Supplier Portal. It will help us to do the on time availament and smooth bill passing. Processing of bills with deviation would get delayed till requisite Credit / debit note is issued by supplier.

As per new process facility upload sale Invoice would be available to facilitate timely and correctly matching of GST invoices to ensure availability of ITC in the following month. We advise you should ensure the daily upload of invoices once the new return system is in place so that timely matching and bill processing happens.

Please note that in new return format once we accept the invoice, you would not be able to amend Invoice therefore its important to ensure that the content of Invoice issued to us and content of GST return should be same in all respect.

Going forward it is mandatory to quote 6 digit HSN code on the Invoice. You should check PO's issued to you by us and check the HSN mentioned on PO matches with the product you deal in. In case you find some variation of HSN, get PO amended from us.
